## **Here's How You Can Get Started Trading - ValueWalk**

Value investing, as the name suggests, consists of finding investments that are good value for money. A value investor actively seeks out stocks, bonds or other investments that he or she believes have been undervalued in the market. The price of an investment should be a reflection on its future returns as well as the risk that those returns might not be achieved.

## **What Is Value Investing? | Wealthsimple**

There are no guarantees when you invest in the stock market, and your money can go up as well as down in value. We can't tell you whether investing is right for you, but if you are going to do it, it's recommended you invest for at least five years. This is because the longer you invest for, the longer you have to ride out any bumps along the way.
